Find out about an international sporting event and discuss with your family how sporting events can contribute to international peace and understanding.

Tell us what sporting event you've discussed and how it promotes peace and understanding:

Identify where your clothing or other belongings have been made. With your family members, talk about why companies might choose to have the items made in other countries. What are the advantages and disadvantages of overseas production?

Mark on the map where your belongings come from. Then tell us about the advantages and disadvantages of overseas production:

Disadvantages :

Learn about an international health issue and use a creative way to share what you have learnt. Issues could include Malaria, Ebola, HIV and Aids, or even the ongoing Coronavirus pandemic.

You could create a poster about your chosen health issue, a video, a computer animation or something similar. Remember to upload it to Online Scout Manager!

Think about the rights that we have in the UK (like the right to vote, the right to go to school and equal gender rights). Compare these with the rights a Scout in another country might have.

Use the box below to tell us what you have learnt about your rights in the UK, and how they compare to other countries. If you're feeling more creative you could make a poster to show the differences.

Once you have completed your challenge, upload this completed form and any photos to Online Scout Manager under 'Badges' and click the 'Global Issues' Badge. Then click 'Complete at Home' and submit your evidence.

Good Luck!
